HADEN FIG WILLAMETTE VALLEY PINOT NOIR 2013

Appellation: Willamette Valley; Oregon; USA

Winemaker: Erin Nuccio

Closure: Cork

Alcohol: 13.5%

Vineyard

Cancilla Vineyard, which makes up the bulk of the Willamette Valley blend, lies in the northern end of the Willamette Valley in the foothills of the Coast Range. This vineyard is a relatively cooler site allowing for full development of flavors while keeping alcohol moderate and preserving acidity. Followed by Bjornson Vineyard and this year, the introduction of Croft Vineyard. Like Cancilla Vineyard, Croft Vineyard is located in the foothills of the Coast Range, although about 50 miles south of Cancilla Vineyard. Certified organic and dry-farmed, Croft is a great addition to the blend. 1025 cases produced

Tasting Notes

Deep red cherry, cranberry, orange peel and subtle mushroom.

Vintage

2013 got off to an early start with a slightly early bud break, followed by a warm summer which continued through mid-September when we had a significant weather shift which slowed things down.

About

We believe the best wine begins with the best fruit. From the best place. Organic. Biodynamic. Sustainable. Native. Haden Fig is a product of this approach. To express the site upon which they were grown and reflect the season in which they were grown. Complex and balanced wines from Oregon's Willamette Valley.
