Vineyard

Our goal since day one has been to master Pinot Noir by experimenting with a variety of vineyard sources. Each year, we supervise the growing and harvesting of grapes at more than 20 vineyards that grow Pinot Noir for Siduri Wines. The diversity and individuality of all these sites has helped us to learn how to make better wine.

A blend of the following vineyards: Arbre Very 44%, Shaw 35%, Muirfield 13%, and Hawk's View 9%.

Tasting Notes

A forward fruited style with bright red cherry and raspberry flavours. The wine is medium bodied, with hints of underbrush and forest floor, and a long, lingering finish. Can be drunk over the next several years

Vintage

The 2013 vintage in Oregon was a play in 3 acts, with a gorgeous warm growing season, followed by a wet September, and then a drier but cool October. Picking timing, fruit selection, and careful work in the vineyard were critical, followed by great selection in the winery.

Winemaking

We believe in minimal intervention, "gentle" winemaking. In other words, we let the wine make itself. We do not want to do anything to the wine that isn't absolutely necessary.

We believe in bottling our wines unfiltered and unfined. To date, we have never filtered or fined any wine, believing that, more often than not, these procedures strip wines of flavor and character. We believe that the best Pinot Noir expresses its origins. Our goal is not to produce the world's best Pinot Noir but rather to produce the very best Pinot Noir from a given site.

4489 cases produced. This wine is vegan-friendly and gluten-free.
